

Dr. Amrita Hazra

Assistant Professor, Chemistry IISER Pune

Email: amrita@iiserpune.ac.in

Research Area

Enzyme mechanisms, Chemical biology of microbes

Vitamin biosynthesis as a tool to understand the chemistry of the microbial world. She is interested in food justice and sustainable agriculture.

Profile

Education & Scientific Career

- Assistant Professor, Indian Institute of Science Education and Research, Pune, 2015-present
- Postdoctoral researcher, Plant and Microbial Biology, University of California Berkeley, 2011 – 2015
- M.S., Ph.D. Chemistry and Chemical Biology, Cornell University, 2005 – 2010
