Please Provide any other suggestions, comments or any other topics you wish to suggest for a future talk/ workshop?

The workshop was very very informative and knowledge seeking. Loved everything and was amazed by everything

I had a good experience as I haven't seen such things before got to know something new
That was great!!

Very excellent

Very nice and helpful work venture center is doing for future generations. Really enjoyed the tour and learned new things.

It was an enlightening experience. The various startups were very motivating. The session were brief but we were able to understand most of it

Good

Good workshop.Provided a lot of information

It was good. Worth the time

It was very educational and intellectual.

was very interesting with all the demos and practically explaining the machines!!

Meet and greet the founders for more information

No suggestions

None

Medical related

More discussion on upcoming startups related to physiotherapy

Entrepreneurship

Ignition program

About physiotherapy mostly. How physiotherapy works on a larger basis and how it helps in the medical section. Basically it's role in the medical field & it's

Arranging meet and greet with the founders of the start ups which have cleared the trial phase and are already being sold in the market to have a better in

Please Provide any other topics you wish to suggest for a future talk/ workshop?

Evrything was awesome....

The time limit should be considered !

None

Discuss more on medtech aspect more

Overall a good experience

no

It was a good program to introduce us to startups and venture centre

Discussion about how we as physiotherapist can use technology and present ourselves on a larger scale

The event was well managed.
