Nice informative	
Very good and informative workshop	
Excellent.	
Excellent	
Excellent workshop	
IT was excellent.	
It was a wonderful event that provided the insights on what goes in while making a policy for Tech Transfer.	
It helped to a greater extent on not just exploring new areas but also helping my direction of thought.	
Please Provide any other topics you wish to suggest for a future talk/ workshop?	
More cases from India	
Legal aspects of IP	
NA	
Best Practices from Developing Countries	
Ip valuation	
Patent writing, startup proposal writing, project writing etc.	
If will be really helpful if the same topic is covered in Indian Context as many of the Laws and Frameworks discussed were difficult to implement in India.	
Anything related to emerging technologies like quantum computing. IP and tech transfer in this area would also be fine.	
If you have any other suggestions, comments, etc., please share them below.
